

CJD Jugendorf-Christophorusschule Oberurff

The **Christophorusschule** was founded in 1953. Past year the school had its 50th anniversary. Oberurff, part of the town of Spa Zwesten, is located at the foot of the Keller Forest in the middle of the north Hessian Mountain and hill region. It is in the heart of Germany. The cities of Kassel and Marburg are 30 miles away. A branch of the Autobahn passes near Oberurff and the Wabern RR station is close by. Frankfurt is the nearest airport.

About 50 years ago the CJD bought the former manor of Oberurff with its castle.

Buildings and the dormitories are grouped around the central area of the grounds –the dormitories offer accommodation for 20 girls and 108 boys. The schools has 850 students including the dorm students. It has got a large gym and other sports facilities.

The **Christophorusschule** is an independent, coeducational, Christian school. Christian values are in the center of our educational philosophy. Thus it is our task to encourage the individual development of our students and their academic abilities by providing them many opportunities that support their individual growth. Fine arts and sports play an important role in exploring their creativity. A balanced education, however, needs responsibility for others. As a consequence, older students of our school take personally care of the individual development of younger students.

The Christophorusschule is a “Gymnasium” and a “Realschule” both recognized by the state. **Our special offer:**

A state recognized center for dyslexia with integrated dyslexia therapy i.e. The boys and girls are fully integrated into normal classes, dormitories, and free-time activities.

Language structure: From grade 5: English, from grade 7: Latin and French, from grade 11: Latin Extra curricular activities: More than 40 different kinds of groups (Fine Arts, Sports). Work experience in grade 9 and 10 (Realschule)

Partner schools in France, Scotland and the U.S.A.
